

Fights for Cascade County

Great Falls is a powerhouse for Montana industry and military alike, and Jon will always stand up for the Electric City to ensure the community has the resources needed to stay strong. Cascade County is home to some of Montana's most critical industries, and Jon will keep fighting to ensure that Great Falls continues powering Montana into the 21st century.

Infrastructure for the Future

- As Great Falls continues to grow, Jon knows it's critical that small businesses and families have access to safe, reliable airport services. Through his *Bipartisan Infrastructure Law*, Jon has secured nearly \$6 million to upgrade and repair the Great Falls International Airport. He's also fought to expand the number of flight options in Great Falls to lower air travel costs across the board.
- Whether it's hauling lumber, or ensuring children get to school safely, Jon knows that Montanans count on roads and bridges every single day. Through his *Bipartisan Infrastructure Law*, Jon secured nearly \$16 million for road and traffic safety improvements in Cascade County.
- Jon knows that if Montana's students and businesses want to compete in the 21st century, they need reliable and affordable internet. Through his *Bipartisan Infrastructure Law* and other measures, Jon has secured resources to connect Great Falls businesses and households to high-speed internet so that folks can do business anywhere.

Standing with Great Falls Armed Forces

- As the Chairman of the Senate Committee that crafts our military budget, Jon has fought tirelessly to invest in America's military capabilities and provide essential resources to our troops. Jon has delivered packages that raise pay for troops in Great Falls, brought new C130-J's to MANG, new Grey Wolf Helicopters

to Malmstrom, and has invested in Great Falls military bases so that their missions continue for decades to come.

- The Airmen at Malmstrom Air Force Base have kept Montana and America safe for generations, and Jon is leading the charge to keep it that way. Through the Sentinel Project, Jon is fighting to modernize Malmstrom's missile systems, create good-paying Montana jobs, and ensure this critically important mission deters adversaries for generations.

JON TESTER FOR U.S. SENATE

Strong Businesses, Secure Jobs

- Great Falls businesses have boosted Montana's economy for decades, and Jon is fighting for Montana industry to be a leader on the national stage. Through his bipartisan *CHIPS and Science Act*, Jon secured a Rural Tech Hub for Montana, which will deliver serious resources to economic development groups and businesses in Great Falls and across the state to continue creating good-paying jobs and producing cutting-edge technology that keeps America safe.

- Housing shortages have hit Great Falls hard. Jon is pushing Congress to pass his *Rural Housing Service Reform Act*, which would increase the supply of affordable housing in Cascade County and across Montana.
- Jon is working to give Montanans a seat at the table and invest in community housing developments and repairs. Recently, Jon has secured nearly \$5 million to help bolster access to housing in Great Falls through his role on the Senate Appropriations Committee.

Better Schools, Brighter Futures

- As a former public school teacher, Jon knows that if children receive high-quality education early, they'll have the best chance to succeed later in life. That's why Jon's secured over \$15 million to support Head Start early education opportunities and childcare services in Cascade County since 2019.

Empowering Montana Law Enforcement

- Law enforcement officers perform a dangerous job to keep Cascade County safe, and Jon will always have their back in Washington. Recently Jon secured much-needed funding for law enforcement agencies in Cascade County to equip officers, update technology, and fight crime.

Fighting for Affordable Housing

- Montana is growing fast, and Jon is working to make sure Montanans can afford a roof over their heads. When unelected bureaucrats threatened to strip Great Falls of its "metropolitan status," jeopardizing federal funding for affordable housing, Jon successfully stopped the move, allowing him to continue securing additional dollars for Montana.

Standing with Great Falls Veterans

- As the Chairman of the Senate Committee on Veterans' Affairs, Jon knows that access to quality care in a rural state like Montana is critical. That's why he has been relentless in his push for more VA facilities, helping secure 12 new clinics across the state including a new Community Based Outpatient Clinic (CBOC) in Great Falls, which will serve thousands of Montana veterans in the area.
